

The Winning Child Nursery limited Prospectus

We have fun whatever weather

Welcome to The Winning Child Nursery Limited where *“every child is a winner”*. We would like to thank you for showing interest in our nursery which is located in Brent Way, Dartford.

The Winning Child Nursery Limited (TWCN) is a Christian nursery, but we accommodate other faiths. As a Christian based setting, we strongly believe in working hand in hand with you as parents/ carers to give your children the best possible start in life by exposing them to opportunities, people and activities that will enable them to “catch” virtues and values that will prepare them as they go and grow through life.

We aim to provide an affordable and high-quality childcare in a stimulating, enabling and child friendly environment that is “a home away from home” for children in Dartford and its environs.

Services Provided

The Winning Child Nursery Limited (TWCN) is fully Ofsted registered for

- 70 places for children aged 6 months to 5 years.

We know the transition that takes place in children’s life are not usually very easy especially when moving into a new setting, be it from one setting to another or from home to a new setting, but we hope that this prospectus will explain a little about us and perhaps answer some of the questions you might have.

Staff

The most important people as far as your children are concerned are our staff, who are all dedicated and caring, with a wealth of experience and can be easily identified by the nursery’s uniform and badge they wear every time on the nursery premises.

The Manager holds two degrees; one in education and the second in Business Administration and our other staff have various qualifications ranging from degrees in childhood studies (Level 6) to Level 2 and 3 in childcare, some are in training towards Level 3, as required by Ofsted.

We believe in continuous professional development and as such would always provide additional training for all staff to ensure that they keep up with new initiatives and consolidate their areas of expertise. We ensure that every member of staff receives induction training during their first week of employment to help them understand their roles and responsibilities as specified in the Statutory Framework for the Early Years Foundation Stage. This training includes information about emergency evacuation procedures, safeguarding, child protection, our equality policy, and health and safety issues. We also aim to ensure that every member of staff has relevant Pediatric First Aid and Basic Safeguarding Children (which includes Child Protection) training.

Staffing Arrangement

We ensure that the staffing arrangement is done in such a way as to meet the needs of the children and ensure their safety.

We use a key person system in which every child is assigned a key person. A key person has a group of children (these are called key children) assigned to them and the role of the key person is to ensure that each of their key child’s care is tailored to meet the child’s

individual needs to help the child become familiar with the setting, offer a settled relationship for the child, and build a relationship with the parents.

Our staff/child ratio is as stated below:

6 months – 2 years – Wee Winners/Baby room 1:3

2 – 3 years – Winning Tots/Toddler room 1:4

3 – 5 years – Winning Stars 1:8

Each of these age groups has one room assigned to them. The Winning Wees (babies) have sleeping cots in their room.

Policy Documents

The Winning Child Nursery operates with a wide range and comprehensive policy documentation to meet National Standards. All our policies are available for viewing at any time within the nursery or on our website and parents are encouraged to read through them before committing their children into our care. The most important ones are also in the Parent's Information Booklet which is given to every parent on their child's registration.

Nursery Layout

The nursery is situated within a large building one section of which houses our Church (The Redeemed Christian Church of God, Winners Way) and The Winning Child Nursery Limited is situated on left side of the building. The building's main entrance as well as the nursery's entrance is secured with an entry phone system which is answered by members of staff to safeguard our children and we also fixed CCTV camera in all rooms within the nursery that monitors children, staff's practice as well as everyone who comes in contact with the children within the nursery.

Apart from the children's rooms, we also have adequate toilet and wash hand basins for children's use as well as suitable hygienic changing facilities for changing children who are in nappies.

We have a separate kitchen, staff room and the manager's room is located next to the preschool room. We have an outdoor area with both grass and concrete surface that will provide opportunities for children to explore during the different seasons of the year which also holds our Forest School.

Sleeping Arrangement

Babies and toddlers are encouraged to sleep during the day. We have cots in the baby room, and we encourage bigger babies (especially those over the age of 1) to sleep on mats.

Toddlers sleep on a mat (samples are available in the nursery and will be shown to parents during viewings) during nap time or when staff sense a need for them to nap or children request to have a nap. Each child has their separate bedding which are kept in their individual bags once they wake up and washed every week.

Preschoolers are not usually encouraged to sleep as we believe they are getting ready for the "big school" but if the staff or child feel there is a need to rest, we make adequate provisions for them as well.

Opening Times

We open all year round between 7am and 6pm. We only **close** during public bank holidays and the period between Christmas and the New Year (**fees are still payable during these periods**).

We plan to hold **staff inset day** twice in a year and we **don't open** on those days, but fees are still payable. We will always inform parents **at least one month in advance** so that they can make adequate care arrangements for their children.

Learning and development

We use a balanced and flexible routine to facilitate both adult and child led activities all through the nursery. We are a strong advocate of the fact the "Children learn through play" and as such we provide them with various opportunities to ensure that all the seven areas of learning and development are well covered which will in turn enhance their achieving as much of the early learning goals (if not all) as possible.

These seven areas are broken down into two namely:

- Prime areas: These are very crucial for igniting children's curiosity and enthusiasm for learning, and for building their capacity to learn, forming relationships and thrive and is made up of
 - Communication and language
 - Physical development
 - Personal, social, and emotional development

- Specific areas: These four specific areas help in the strengthening and application of the three prime areas, and they are:
 - Literacy
 - Mathematics
 - Understanding the world
 - Expressive arts and design

Our staffs plan activities that cover both the prime and specific areas of learning on a weekly basis, evaluate provisions as well as outcome of each week's planning and then use this to inform next steps for children.

TWCN Fee Structure

At The Winning Child Nursery, we believe in open communication with all parents/carers and staff and are therefore presenting this fee structure in order to ensure that everyone fully understands our charging. Our fee structure is fully inclusive of all drinks and snacks.

We are open all year round except for bank holidays and the period between Christmas and New Year. We also hold two inset days in a year during which the nursery is closed for staff training. Kindly note that fees are still payable for these days when we are closed, and our fees do not include any outings, celebrations or entertainment that is in addition to our usual lesson activities.

Food and Drinks

We have a well-equipped kitchen with suitable facilities for the hygienic preparation of food for children and this includes suitable sterilization equipment for babies. In addition to this we also have a qualified chef whose responsibility is to provide nutritionally balanced, freshly prepared meals for all our children as well as safe and hygienic management of the nursery kitchen.

Our fees **cover** breakfast, Am and PM snacks, lunch (a two course freshly prepared meal) and tea for the children every day, taking into account any special dietary requirements, preferences and food allergies that children might have.

We make sure that fresh drinking water is always available and accessible to the children. Fresh milk and fruits are also part of the children's daily intake.

Babies' formula and special meals **will not be provided** by the nursery but **by parents**.

Clothing/Uniform

We have uniforms available,

which is not compulsory but is advisable for your child to wear because we believe it can give them a sense of identity and saves wear and tear on their normal clothes. Jumpers and T-Shirts are all available to purchase in the Nursery during registration or can be ordered via the nursery upon request.

We ask for parents to provide spare clothing for their children because our children are always involved in lots of messy activities which in our experience is an important aspect of early education.

Parents are expected to provide nappies, wipes and any cream that will be used for their children. **Slippers for indoor wear will be appreciated for toddlers and preschoolers.**
